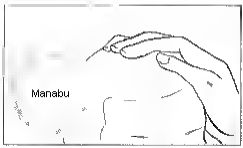
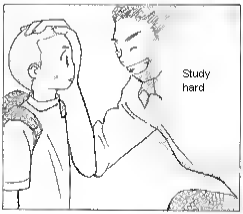
I am going to try to put an end to this menace

So let s watch it until it s ended Nishiki sense

Something like this can only happen in schools

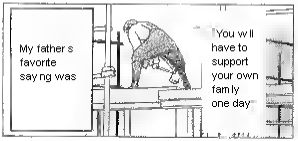


Manabu

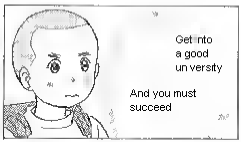


Study
hard

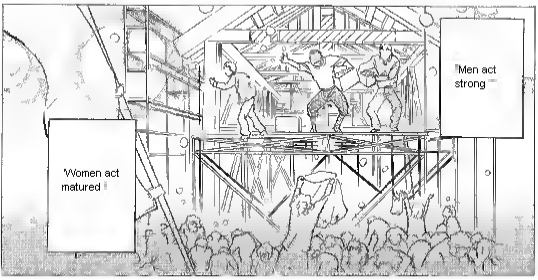
it won't be long
he will find
himself isolated



My father's
favorite
saying was
"You will
have to
support
your own
family
one day"



Get into
a good
university
And you must
succeed



"Men act
strong"
"Women act
matured"

I know that those who are n the cooking class are well aware
In January a cake contest w ll be held
1 - G
Eh
I respected my father
who s lently support my fam ly and acted l ke a man
In Feb there w ll be also a contest for
Th s could well dec de your future career So do your best
espec ally for male students
These mbec les

Boys these days look only good on surface
Sense
I want to do
whatever I can do for now
Hoshino Haru?
I'd like to apply for the contest
Which one ?
Both
He's obviously not a bad student
Manabu

I wanted to be like my father
Be strong
It was why I became a teacher also
I am home
I wanted to be someone who protects others
Welcome home
My family was already shattered
However, when I realized...

Probably n her room
She s been sk pp ng school So I doubt she wants to come down
Where s Sach ?
For a week
Sk p school ?
I guess someth ng bad happened
For a week?
!?
How come I wasn't told about th s?
And you told me to take care of the matter.
I did tell you.

Women act matured!
Why did you dye your hair yellow ?!
Men act strong !
Don't go off line !
Keep the line!
Hey keep the line!

Go home now

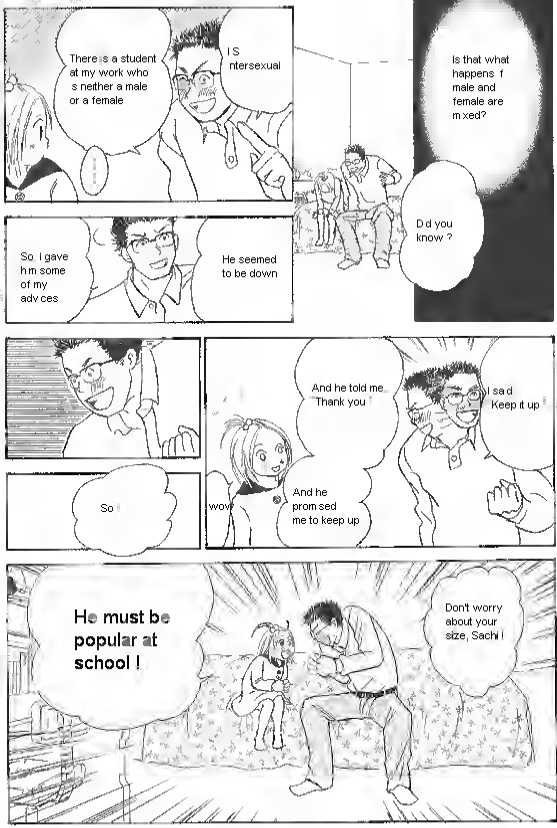
Contest rec pes?
Yes
Don't work too hard
Don't you go to the nurs ng room often lately?
That s why
I am overwork ng
……

So, I need to prepare as many weapons as I could
And the world of cooking
doesn't d scr m nate gender
In the end
It s all about stam na
There s no guarantee that I_ as an I S_ w ll be acknowledged
Bes des...
So I need to be strong
So that I w ll be able to stand alone if I have to

I was shocked
Sensei
I ' ' sor y to keep bother ng you
I was only told that he was a problemat c student
So, I expected troubles from h m
Isn't he the kind of student I've been dreaming of ?
I S huh
s strong and matured
But
He



There is a student at my work who s neither a male or a female
I S ntersexual
Is that what happens f male and female are mxed?
D d you know ?
So I gave hm some of my adv ces
He seemed to be down
So !
wow!
And he prom sed me to keep up
And he told me "Thank you !"
I sa d "Keep it up !"
He must be popular at school !
Don't worry about your size, Sachi !

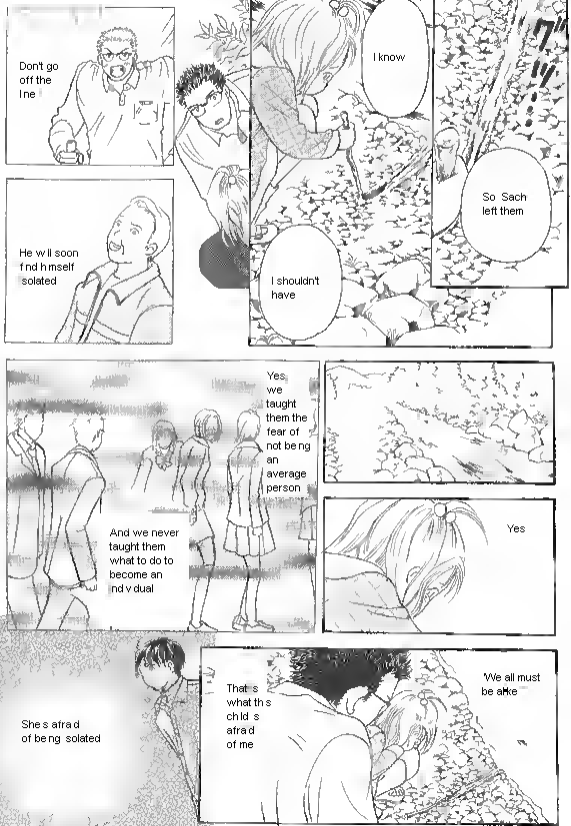
はあ?
Th s s an order
It's decided ! Let's go !
At a time like this, we must cooperate !
We are going picnic !
Father .
I w ll make someth ng to eat r ght now
What about them I S ?
Men act strong Women act matured
Was h s say ng r ght at all ?

Why did we have to
Here we are
Sach
Sach's
Different from everyone
What are you doing?



Don't go off the line!
He will soon find himself isolated
I know
I shouldn't have
So Sachi left them
Yes, we taught them the fear of not being an average person
And we never taught them what to do to become an individual
Yes
She's afraid of being isolated
That's what this child is afraid of me
We all must be alike

All because of me
Where I've been pointing.....has been wrong .....

Men are here.
Sachi -

And women are there
And here between
There are ntersexed people
!
See I am b g
And you are small
But -

So
that Sach s a good person even though she may be big
I will tell them
I am weak
Father

See -
We are so close
I couldn't teach anyone anything.
.....
That's ....
Not possible.

But
If anyone bullies you
Don't do that
It's bad
It's possible
It's alright
I will go after them
You will be fired
It's alright
I will at least protect this child
That's fine with me I am fine with not being a teacher
It's alright
This child

No !!
Don't quit !
But you see....
I haven't been a decent teacher all this time.
I will try to be better this time
I promise
But ....
If you still want me to be a teacher...

I will watch you
Such s father
Well th s s much better than acting strong
We all will try !
That s what I ve dec ded
What we should do s help those outs de of the c rcle move forward
We_teachers_should not cut off those outs de of the c rcle

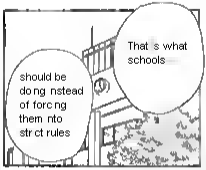
Otherwise, schools will have no meaning of its existence
If anyone has to change It must be us f rst
It was what we teachers were supposed to do
casual un form of Hosh no Haru who s from class 1 G
would I ke to put an end to
職員室
I
And what has happened seems utterly unfa r for other students
We should be treat ng our students equally
About Hosh no Haru
I agree as well
ガタン

a status where one could be a male and a female at any time ?
That will be better and more natural for him
I believe we should let him do what he desires
It's only the student's demand to dress like a male !
Isn't IS
I believe
The opposite example is fine as well
that if a male student wants to dress like a female student let him be
Let's say
We should be looking at them from above and let them be who they are
We should be standing one level higher than that
We should not be forcing them to know our ways of life

So I am
counting on
my example

have learned
a lot from
Observing
Hoshino Haru

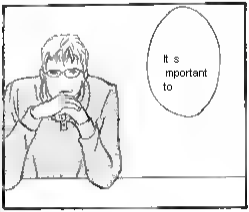


That's what
schools
should be
doing instead
of forcing
them into
strict rules

I

acknowledge
each student's
differences
On the
next day.

Perhaps
some
of the
students
might learn
something
from him as
well



It's
important
to

I was

校長室
He told me that
I am allowed
to come school as
a male student

Good for you !
What I've been dreaming
became reality on that day
Thanks
Thank you all for your support
